[www.SoltrixSolutions.com](http://www.SoltrixSolutions.com)

Soltrix Technology Solutions, Inc. is a provider of full service Information Technology (IT) solutions for public entities like federal, state and local governments and commercial businesses. Our services include onshore, onsite or outsourced software application development, networking, systems integration, database management and data warehousing.

Our business model is customer-focused. We work as partners with our clients in facing the most challenging problems in software, hardware and networking. We pride ourselves in finding high impact solutions that are simple and cost effective. Our service model enables our clients to complete their technology projects within their time and budget constraints.

We are a certified woman-owned, minority-owned small disadvantaged business enterprise
